

Connector for flame ignition and ionization, terminal Ø 6,3 with steel clip, without suppression resistance, available in the specified configurations, other customization will be discussed.

TECHNICAL DETAILS

Normative references	EN 61984
Housing type	Free connector, female, non rewirable
Positions	1
Rated voltage, depending the cable	12 KV / 25 KV / da personalizzare
Pollution degree	2 (EN 60664-1)
Degree of protection IP	N.A. (da testare con la controparte)
Temperature range	-20°C / +120°C
Type of terminal	Female Ø 6,3x0,8 — crimped
Connectable conductors	Flexible cables
Insulation class	II

CABLES

Type	Silicon HV / to customize
Sezione	0,50 mm2 / 0,75 mm2 / to customize

MATERIAL MOULDING

External insulation	PVC 125°C
---------------------	-----------

CATEGORY

Connectors for ignition electrodes and ignition transformers
